

Dedication of Mike's Legacy Garden was held Saturday, June 10, 2006, at Prairie Meadow Park in the Aspen Meadows Community on Ken-Caryl Ranch, Littleton, Colorado.

The garden displays plant species that grow well in Colorado and features identifying markers. Mike loved living in Colorado, and he and his family enjoyed designing their landscaping to make their home a special place to share with

family and friends. Their wish is that the Legacy Garden will inspire others to design special places of their own.

Special thanks to everyone who donated to make the garden possible and to those who devoted many countless hours...
